Internal Hard Drives Product Highlights

Deskstar™ 7K2000

Huge capacity, highest 7200 RPM reliability for outstanding performance for desktop computing

The Deskstar 7K2000 delivers a colossal 2TB of storage capacity. Now in its fourth-generation, the unique 5-platter design from Hitachi utilizes relaxed bit density as well as the industries most reliable proven Perpendicular Magnetic Recording (PMR) technology.

Deskstar 7K1000.C

Exceptional blend of power efficiency and performance with up to 1TB capacity

Deskstar 7K1000.C is the 3rd generation of 1TB from Hitachi providing the right mix of performance and power efficiency making it ideal for power–friendly PCs.

Travelstar™ 7K500

7200RPM 2.5-inch hard drive with capacities ranging from 120GB to 500GB

Designed to support the high-performance needs of multi-tasking commercial users and consumers on-the-go, Travelstar™ 7K500 offers speed without sacrificing battery life, capacity or audio quality.

Travelstar Z7K320

High-performance, low profile storage for notebook PCs and mobile applications

Travelstar Z7K320 is the industry's first 7200RPM, 7mm, 2.5-inch hard drive with capacities up to 320GB. This new form factor drive offers design flexibility to accommodate new thinner and more robust devices and systems.

CinemaStar™ 7K1000.C

Power-efficient, high capacity storage optimized for digital video applications

Hitachi delivers its third-generation 1TB CinemaStar™ drive with best-in-class power management and proven features like silent-seek acoustics and streaming video features set to improve handling of multiple, simultaneous video streams, typical of surveillance applications.

CinemaStar 5K1000

Cool, quiet, energy-efficient digital video storage with 24x7 availability

CinemaStar 5K1000 hard drive provides a generous 1TB of capacity and features innovative CoolSpin technology to deliver a new level of power efficiency and quiet operation for digital video applications.

Ultrastar™ C15K147

License to speed in confined spaces with 6Gb/s SAS performance for 24x7 enterprise environments

Hitachi introduces its first small form factor drive spinning at 15,000 RPM that is ideal for high performance enterprise applications. This completes the portfolio of performance hard drives for enterprise-class applications in the mission critical storage tier.

Ultrastar 15K600

The all-in-one enterprise drive delivers performance and capacity in one package

Combines ultimate performance with high capacity in the same drive. The 6Gb/s Serial Attached SCSI (SAS) and 4Gb/s Fibre Channel Arbitrated Loop (FCAL) interfaces support the reliability required in the most demanding enterprise computing environments.

Ultrastar A7K2000

Huge 2TB capacity, reliable, power-efficient hard drives for the enterprise

Delivers huge capacity to the enterprise, with up to 2TB of capacity, 7200 RPM performance and innovative technologies like Rotational Vibration Safeguard (RVS) and hardware-based encryption.

EcoTrac Products

The EcoTrac classification was created to assist customers in selecting products that minimize environmental impact in the areas of product design, manufacturing, operation and disposal.

The EcoTrac symbol identifies Hitachi products that deliver on the following principles:

- Lower operating costs through power-efficient design
- Safer product disposal by reducing toxic material in product design
- More sustainable environment by conserving natural resources in manufacturing, packaging and shipping.

External Hard Drives Product Highlights

LifeStudio™ Mobile PLUS
The Portable assistant for your digital life.

Streamline, share, store, and go with LifeStudio Mobile Plus. The Stunning 3D interface seamlessly pulls together your photos, music, movies, and documents, and the intergrated smart USB key with auto-synch keeps you on the go with up to 4GB of exactly what you need, when you need it.

LifeStudio Mobile
The portal to your digital life.

Rediscover your life's greatest moments with LifeStudio Mobile. Reliable local and online backup provide two levels of integrated protection to help keep your digital life safe and sound.

LifeStudio Desk PLUS
The Personal assitant for your digital life

The LifeStudio™ Desk Plus external drive offers plenty of capacity to easily find, automatically organize, share and protect your digital content, plus experience ultimate flexibility on-the-go with included USB key.

LifeStudio Desk
The portal to your digital life.

The LifeStudio™ Desk external drive gives you plenty of capacity to easily find, automatically organize, share and protect all your digital content.

Hitachi X Mobile Drive
Agile, ready to go the distance. With the dependable speed of USB 2.0.

When you need pure storage muscle, choose a drive that's ready to backup whatever you care about, wherever you need to be - with no power cable to you down.

Hitachi XL Desk Drive
Solid, ready whenever you are. With the dependable speed of USB 2.0.
When you need pure storage muscle, choose a drive that makes backing up your life a little easier. Because nothing should ever get in the way of your memories, movies, music and entertainment.
